12th March 2020

Dear Parents/Carers,

As you will be aware, the outbreak of the COVID-19 coronavirus has now been declared a world pandemic and the situation in the United Kingdom is being carefully monitored by the government.

As a School, we continue to receive daily updates from the government and to follow their advice.

At present, we are fully open and hope this situation continues. We are monitoring all trips and making decisions on a case-by-case basis, again following the latest advice from the government.

However, in case we do have to partially or fully close due either to instructions from the government or staff absence, we have been through our emergency plans and developed contingencies.

In the event of a partial or full closure, we will keep parents informed through our website and ARBOR.

As a School, we are also preparing to provide work for your children if we do have to close for any length of time. Through our excellent IT systems, we are well-prepared for this situation. Work would either be provided through the School Website or through ARBOR. Further details about how to use these systems would be provided in the event of a closure.

I realise this is an uncertain time and the situation is developing quickly. Please be assured we will do everything we can to keep any disruption to your children's education to a minimum.

Thank you for your continued support.

Yours sincerely,

Mrs R Paddock
Head of School
