

Our Backpacks are Bursting! Reflecting on a great year...

As another fantastic year comes to a close, we can proudly say that our backpacks are bursting with memories, experiences and achievements. Through the WCPS Promise, our children have enjoyed a wide range of trips, clubs, sporting events, performances and enrichment activities that have brought learning to life and broadened their horizons. These opportunities have helped children develop confidence, independence and new skills, while creating lasting memories with their friends. From representing the school in competitions to exploring new places and taking part in creative and cultural experiences, every opportunity has helped our children to grow and thrive. We are incredibly proud of all they have achieved and look forward to filling their backpacks with even more memorable experiences in the year ahead.
